

SOME DIAMONDS ARE ESTIMATED
TO BE OVER A BILLION YEARS OLD.

THE ONES WE USE IN OUR FAUCETS ALSO
KNOW A THING OR TWO ABOUT DURABILITY.

Our DIAMOND™ Seal Technology uses a valve with a tough diamond coating to bring you a faucet built to last up to 5 million uses – plus it keeps water inside the faucet out of contact with lead based components. Who knew a faucet could be just as beautiful on the inside? It's one of the many ideas that make a Delta® faucet more than just a faucet.

see what Delta can do™
