

# ESSA™ KITCHEN COLLECTION

The Essa Collection from Delta is a soft contemporary take on a euro design, with subtle detailing accents that allow the faucet to blend with contemporary and transitional design.

- Touch<sub>2</sub>O® Technology makes kitchen tasks easy by starting and stopping the flow of water with a simple touch on the spout or handle.
- DIAMOND Seal® Technology allows Essa faucets to last up to 10 times longer than the industry standard\*.
- MagnaTite® Docking – a powerful magnet keeps the pull-down spray neatly in place when not in use.
- Water-efficient faucets and showers—Delta Faucet Company is the EPA's 2011, 2013 and 2014 WaterSense® Manufacturer Partner of the Year.

Shown in Matte Black.
