8" Widespread
3574-MPU-DST

Single-Handle Vessel with Touch2O.xt® Technology
774T-DST

Single-Handle Vessel
774-DST

- DIAMOND® Seal Technology uses a tough diamond-embedded ceramic valve to ensure like-new operation for the life of the faucet.
- Touch2O.xt® Technology turns the entire faucet into a sensor, starting water flow automatically when hands get within four inches and stopping when hands are removed. Touch it on. Touch it off. Or go completely hands-free.
- MultiChoice® Universal Valve makes it faster, easier and less expensive to upgrade style, finish and functionality without altering plumbing behind the wall.
- H₂Okinetic® Showers provide the feeling of more water without using more water.
- WaterSense® labeled faucets and showers – Delta Faucet Company is proud to be an EPA 2011, 2013 and 2014 WaterSense® Partner of the Year and a Sustained Excellence Award Winner for 2015, 2016, 2017 and 2018.
